One stop for comfort, convenience and worthy cost! 1st choice of students and working professionals having their place of work a minutes away! A working kitchen with all the amenities to look after your hunger and additional discounts on tiffin services. The laundry and cleaning is taken care of. Common living area and terrace to make new friends! Indeed a classic choice to make!!

Livlit is an experience in itself. It's an amazing place and the best part is it's locality, it's just situated in the heart of the city. Marine drive, Gateway...it's just a walk away. To embellish it is delicately maintained and looks exactly how it is shown in the pictures. If you're planning to stay in Mumbai, Livlit is the place for you!!

Excellent place to stay, great vibe. Fantastic location, Good facilities, extremely clean, flexible check-in & out timing & everything you want to experience in the fort area is just walkable. Great option for the ones who want to live and experience the life of a Mumbaikar. Had an amazing stay. Brownie points: You get good company too, I got a couple of friends too!
